It's IPX7 waterproof, and the compact design makes it the perfect companion for any outing.

Powerful sound

The Tronsmart T2 Plus Upgraded 2024 offers an incredible 20-watt output power that will fill every corner of the room with powerful, clear sound. Want to get even better results? Pair two speakers together to immerse yourself in surround sound that will transport you right into the middle of your favorite tunes. Feel the sound surround you from all sides for an even more immersive experience!

Wireless connection for more freedom

Choose your favorite playback method and listen to music without any distractions! The NFC function will allow you to pair your smartphone with the speaker with a single touch, ensuring a quick and seamless connection, while Bluetooth 5.3 guarantees stable transmission over distances of up to 18 meters. The Tronsmart T2 Plus Upgraded 2024 also offers the option to connect via AUX cable or use microSD/TF memory cards.

Music without end

Forget about music interruptions! With an impressive battery life of up to 24 hours, you can enjoy your favorite tunes without interruption. And when it's time to recharge, quick charging via the USB-C port lets you get back to your music in just 2-3 hours. What's more, a light indicator will let you know the battery charge level.

The perfect companion for any adventure

With the Tronsmart T2 Plus Upgraded 2024, you don't have to worry about weather conditions or accidental flooding. With IPX7 water resistance, the speaker is ready for anything from unexpected summer downpours to spontaneous beach parties. Its small footprint and portable design make it fit effortlessly into any bag or backpack.
