

## Laminator A4 Deli E3891-EU

Laminator A4 Deli E3891-EU

Ref: 6921734938916

Deli E3891-EU A4 Laminator

The Deli brand device allows you to laminate both hot and cold. With its help you can laminate various types of documents, photos, drawings, etc. Laminator will allow you to keep your photos in perfect condition, so they will not get damaged.

Convenient operation

The knob located on the right side allows you to set the operating mode of the machine: hot or cold lamination, and temperature. The product has protection against overheating, so it is safe to use. It is recommended to use Deli brand laminating pouches with a thickness of 80 - 200 microns.

Protect your documents

With the Deli brand device you can laminate, for example, certificates, contracts, credit cards or photos or drawings. By laminating, you protect your documents from damage, for example, water, fading, etc.
