Avatto IPC-OD-01 Wi-Fi 4MP Intelligent Camera

Ref: 6976037361596

Avatto IPC-OD-01 Wi-Fi 4MP Smart Camera

The Avatto IPC-OD-01 camera is a modern outdoor surveillance solution that combines advanced features with ease of use. With its 2MP (1920 x 1080) resolution, wide viewing angle and reliable Wi-Fi connection, you can enjoy clear images and security at all times. The camera is ideal for both home and commercial use. It works with a free app that puts all the information and access to the camera's images at your fingertips on your phone.

Exceptional image quality

Now nothing will escape your attention! Avatto IPC-OD-01 camera provides 2MP (1920x1080) resolution, which allows you to capture detailed and clear images. A high-quality lens with a 3.6mm focal length and a wide 105° (D) / 85° (H) viewing angle allows you to capture more space, improving the effectiveness of monitoring.

Stable wireless connection

Enjoy greater flexibility in camera installation. With support for 2.4GHz Wi-Fi, this model offers a stable connection without the need for network cables. This makes installation easier and eliminates the hassle of pulling cables, which is especially important for outdoor installation.

Advanced recording features

Your home can be under constant protection. The camera supports 7x24H recording, which guarantees continuous monitoring around the clock. You can save recordings to a MicroSD card of up to 128GB or to the TUYA cloud for added security and access to recordings from anywhere.

Two-way communication features

With the Avatto camera, you can easily scare off a potential burglar or greet a courier. The built-in microphone and speaker allow two-way communication between the camera and your phone, which is useful in situations that require voice intervention. This allows you to not only monitor what's going on around your home, but also respond to events in real time.

Night vision and motion detection

With 12 IR LEDs, the camera provides 15-20 meters of visibility at night. The automatic change to night mode with IR-CUT function guarantees high image quality regardless of lighting conditions. In addition, motion detection enhances security by notifying you in real time of detected movements within the camera's range.

Weather resistance

The camera's IP65 housing provides water and dust resistance, making the camera ideal for harsh weather conditions. It can operate in temperatures from -10°C to 50°C and in humidity from 20% to 95% without condensation.

Included

Smart camera x 1 pcs.
Wall screws x 1Set
Installation bracket x 1PC
Quick start guide x 1pcs.
12V 1A power adapter x 1PC

General

Manufacturer:Avatto Model:IPC-OD-01 Power supply:DC 12V/1A Operating temperature:-10°C ~ 50°C Operating humidity:20% ~ 95% non-condensing Storage Temperature:-10°C ~ 50°C Storage Humidity:20% ~ 95% bez kondensaciji Wall Mounting:Yes

Image Sensor

Image sensor:1/2.9" CMOS Display resolution:2MP (1920*1080) Minimum illumination:0.15Lux (with infrared lighting on)

Lens

Lens type:High-resolution lens Viewing angle:105° (D) / 85° (H) Focal length:3.6mm

Night Vision

LEDs:12 IR LEDs IR Range:15-20 meters Day/Night Mode:Automatic change with IR-CUT function

Video

Frame rate:15fps Resolution:2MP (1920*1080) Video Inversion:Supported

Audio

Input/Output:Built-in microphone and speaker Audio compression:PCM

Networking

Wi-Fi:802.11b/g/n Network security:WEP, WPA, WPA2 Remote access:P2P

Storage

Micro SD card:Maximum support 128GBCloud:Support for TUYA cloud storage
