

## Ugee M908 Graphic tablet (black)

Ugee M908 Graphic tablet (black)

Ref: 0850052635145

### Ugee M908 graphics tablet (black)

The M908 tablet is a versatile tool for creative users. Equipped with modern features and 8 convenient shortcut keys, it offers a complete solution for everyone. The M908 provides work flexibility with the option to switch workspace modes, allowing you to work seamlessly on screens of different sizes and orientations. It is compatible with various operating systems, making it a versatile tool for designers, graphic designers and creatives on multiple platforms. It makes it easy to work with various graphic editing programs such as Photoshop, Sai and Illustrator, providing full support for creativity in various fields. Get to know it better!

### Innovative work areas

Work in a way that makes you comfortable! The M908 offers a flexible work area selection system that allows you to customize the surface to your individual preferences. Thanks to the area mode-switching function, the tablet works perfectly in both horizontal and vertical modes, making it easy to work on large computer screens as well as smaller mobile devices.

### EMR precision stylus

With the Ugee M908 you draw as if you were drawing on a piece of paper. The tablet supports a resolution of 5080 LPI and comes with a practical EMR stylus that enables precise, natural drawing with 16,000 levels of pressure sensitivity and a 60° tilt function. The stylus' lightweight, ergonomic design, along with programmable buttons, ensures smooth and comfortable operation, minimizing deflection and

vibration and giving you full control over your line.

#### Convenient operation

Enjoy fabulously easy operation. The tablet offers a functional scroll wheel mechanism, with which you gain the ability to precisely adjust the size of the work area or other settings. What's more, 8 practical keyboard shortcuts give you instant access to the most important and frequently used functions. This ensures comfortable navigation, making it easy to modify settings in a smooth and intuitive way.

#### Wide compatibility

Forget about compatibility issues Ugee M908 works with major operating systems such as Windows, macOS, Android and Chrome, enabling creative projects across platforms. Whether you're working in Photoshop, Sai, Illustrator or another application, the M908 seamlessly adapts to your favorite software.

#### Stylish minimalism

The M908 impresses with its minimalist design combined with modern aesthetics. "Sandwich" design with rounded edges not only looks great, but provides greater stability and durability. A large working area (10 x 6.25 inches) and a practical USB-C port are responsible for comfort.
