

Lamp Neewer LED RGB 3200-5600K

Lamp Neewer LED RGB 3200-5600K

Ref: 6976831830021

Neewer LED RGB 3200-5600K Magnetic Lamp

The Neewer LED RGB is a practical magnetic lamp that will be especially useful for filmmakers and photographers. Equipped with 150 LED bulbs, it offers a power of 10W and a brightness of up to 800 lux. You can also adjust the intensity, color, and color temperature of the light it generates. The high CRI index ≥ 98 guarantees faithful color reproduction, and the efficient battery provides up to 90 minutes of working time. The set also includes a case and a waterproof bag to protect the lamp in challenging outdoor conditions.

Mounting Flexibility and Mobility

The Neewer lamp will excel in various applications. You can easily carry it and hold it in your hand, and if necessary, you can easily attach it to a chosen surface thanks to the built-in magnet or two 1/4" screw holes. The set also includes 4 self-adhesive plates that allow you to attach the device to non-metal surfaces.

Dynamic Scenes and Precise Adjustment

The lamp allows you to choose from 17 different lighting scenes, such as Lightning, Candle Flame, Party, or Fireworks. This way, you can easily add creative effects to your video projects! You can also freely adjust the brightness, color, and color temperature of the light (ranging from 3200K to 5600K). Whether it's a photo shoot, live stream, or birthday party - now you can easily adjust the lighting to the situation!

Advanced Control – App and Touch Panel

Enjoy convenient light settings management. The lamp is equipped with a small touch panel that offers quick and direct control over its functions. There is also a dedicated Neewer app that allows you to remotely control the lighting from a distance of up to 50 meters. With it, you can, for example, choose the appropriate scene, adjust the light parameters, and save your own settings for later use.

Long Working Time, Convenient Charging

The integrated 6400mAh battery provides up to 90 minutes of lamp operation at maximum brightness. Don't worry about it disobeying you too quickly! The product supports charging via USB-C port, so you can easily connect it to wall chargers or car chargers.

Included in the Set

- Lamp
- Light diffuser
- USB-C cable
- Carrying case
- Waterproof bag
- Lanyard
- 2x silicone corner covers
- 4x self-adhesive metal pads
