QCY GS2 S5 smartwatch (black)

The QCY GS2 S5 is a practical smartwatch that not only tracks your physical activity, but also takes care of your health. Equipped with a 1.96-inch AMOLED display, it offers excellent visibility even on sunny days. It allows you to make phone calls without having to pull out your smartphone, and with a wide selection of sports modes, you can precisely analyze each of your workouts. It provides up to 10 days of operation, and its IPX7 water resistance means you can confidently wear it during intense workouts or jogging in the rain.

1.96-inch AMOLED display

Watch content, read the news and track your physical activity in full glory while enjoying exceptional viewing comfort even in bright daylight. Its 1.96-inch AMOLED screen with a resolution of 410 x 502 pixels captures every detail perfectly, providing exceptional clarity and color depth. The display-to-case ratio of up to 79% makes the surrounding bezel almost imperceptible. You can also customize the appearance of the screen by choosing from a variety of available dial designs and menu display styles.

A health assistant on your wrist

Take care of your health and well-being with QCY! The smartwatch allows you to monitor key vital signs, such as heart rate and saturation, providing you with real-time vital information about your body's condition. The sleep monitoring function allows you to better understand your nighttime habits and improve the quality of your rest to wake up rested every morning. The GS2 S5 also offers a

menstrual calendar to track your menstrual cycle.

More than 100 sports modes

No matter what kind of sport you like, the QCY GS2 S5 is ready to support you. The smartwatch lets you choose from more than 100 sports modes - from rollerblading to dancing to running. There's sure to be something for everyone! It also allows you to track calories burned, steps or distances traveled, giving you a comprehensive view of your activity and training progress.

Use it for 10 days

Let the QCY GS2 S5 smartwatch be your reliable companion for every day! Thanks to its impressive runtime, you can enjoy its functionalities continuously for as much as 10 days with basic functions or up to 4 days with intensive daily use. Its charging will be facilitated by the included magnetic cable.

Design created for your convenience

You no longer have to worry about rain while jogging or sweat during an intense workout. With IPX7 water resistance, the QCY GS2 S5 smartwatch is ready for any challenge. With sleek dimensions of 50 x 37.5 x 11 mm and a light weight of about 56.5 grams, this smartwatch fits perfectly on your wrist for comfortable all-day wear.

Even more useful features

The QCY smartwatch is equipped with many practical functions that will make your daily life easier. It allows you to make phone calls via Bluetooth, check the real-time weather forecast, set alarms, remotely control your camera and music player, or locate a lost phone. You can also monitor your stress levels and perform relaxing breathing exercises to keep you balanced and calm in your daily life.
