Gens ace G-Tech 7600mAh 7.4V 60C 2S2P Lipo Battery PC mat Battery

Gens ace G-Tech 7600mAh 7.4V 60C 2S2P Lipo Battery PC mat.

The Gens ace G-Tech battery is an exceptional choice for RC car enthusiasts. With 7600mAh capacity and 7.4V voltage, it provides long-lasting power and reliability. The 60C discharge rate guarantees high performance even under heavy load, which is crucial for maintaining optimal driving characteristics. The battery is also equipped with an XT60 connector and JST-XHR balancer, which translates into compatibility with most RC models on the market. What's more, the product's dimensions are only 157 x 48 x 25 mm, and its weight of 387 g will not significantly affect the overall weight of the vehicle.

Manufacturer Gens ace Model GEA762S60X6GT Battery type Lipo Capacity 7600 mAh Voltage 7,4 V Discharge current 60C Balancer connector type JST-XHR Connector type XT60 Charging speed 1-3C (recommended) Weight 387 g Dimensions 157 x 48 x 25 mm Cable length (C/D) 65 mm / 120 mm
