Gens ace G-Tech Soaring 1000mAh 11.1V 30C 3S1P Lipo Battery

The Gens ace G-Tech Soaring Lipo Battery is the ideal solution for smaller 800mm class aircraft, where every gram counts and performance and reliability are needed. The product offers a capacity of 1,000 mAh and a voltage of 11.1 V (3S), which provides adequate power for small flying models. A discharge current of 30C guarantees optimal performance, and the recommended charging speed of 1-3C allows for quick and safe restoration of full power. In addition, the XT60 connector and JST-XHR balancer plug allow for quick connection, while the 89 g weight and 71.5 x 35 x 17 mm dimensions make the battery ideal for small designs where every inch of space matters.
