Gens ace G-Tech 6750mAh 14.8V 60C 4S1P 14# XT90 Battery

Gens ace G-Tech 6750mAh 14.8V 60C 4S1P 14# XT90 battery

The Gens ace G-Tech LiPo battery will be a reliable choice for RC model enthusiasts such as 1/8 scale vehicles like the 1/8 SLEDGE. With an impressive 6750 mAh capacity and 14.8V (4S) voltage, it will easily provide the energy needed even for long and intense driving. The maximum discharge current of 60C enables a high level of power, which is crucial for maintaining optimal performance in harsh conditions. The XT90 connector provides a secure connection and wide compatibility, while the JST-XHR balancer plug facilitates charge management. The battery weighs 589 grams and measures 138 x 47 x 50 mm, so it fits many RC models while ensuring proper weight distribution for better vehicle stability.
