Wireless headphones, Vention, NBPNO, OpenBeat O11 (beige)

Wireless headphones, Vention, NBPNO, OpenBeat O11 (beige).

The OpenBeat O11 headphones from Vention are a high-quality product that combines the latest technology and convenience. Equipped with Bluetooth version 5.3 technology, they guarantee a stable connection with your device within a 10-meter radius. Compatibility with various Bluetooth profiles (AVRCP/A2DP/HFP/HSP) allows for versatile use, from listening to music to phone calls. High-quality AAC and SBC codecs ensure excellent sound quality. What's more, the headphones feature a sleek design and modern character. They are ideal for those who value sound quality, connection stability and comfort.

Stable connection

Listen to music without annoying interference! Bluetooth 5.3 technology provides a fast and stable connection, eliminating delays while listening to music or making phone calls. With an operating range of up to 10 meters, you can move freely around your home or office while maintaining a stable signal.

Versatility

Enjoy the freedom of talking on the phone and ease of use! The headphones are compatible with a variety of Bluetooth profiles, such as AVRCP, A2DP, HFP, and HSP, which means they are suitable for both listening to music and making calls. This makes them an ideal choice for office workers and music lovers alike.

Sound quality

Discover a new dimension of music! With support for the AAC and SBC codecs, the headphones offer high-quality sound that will satisfy even the most demanding music lovers. The sound is clear and the bass is crisp, which makes using them a real pleasure.

Durable design

The headphones are perfect for any situation! Made of ABS, they are not only stylish, but also durable. They can endure daily use, making them a durable companion for everyday, work and training.

Long life

The battery capacity of the headphones is 70mAh, allowing for long hours of use. In addition, the 400mAh charging case allows the headphones' energy to be renewed even several times, greatly extending their life and allowing you to listen to music all day long!

Convenient charging

The charging case is equipped with a USB-C interface, which makes charging quick and easy. Powering the headphones and case is done efficiently and does not require specialized equipment.
