Charge up to 3 devices simultaneously and save time. The Vention FERB0-EU charger offers up to 3 ports (2x USB-C, 1x USB-A) and supports multiple fast charging standards. It also uses advanced GaN III technology to combine impressive performance and compact size. So you can always have it at hand!

Fast charging

The charger offers a maximum power of 65 watts and supports such fast charging standards as PD, QC, SCP and AFC, for example. So you can charge your phone, wireless headphones and even your laptop in no time! You no longer have to waste time waiting for long periods of time.

Up to 3 devices simultaneously

You can use up to 3 charging ports - 2x USB-C and 1x USB-A. This allows the charger to charge up to 3 devices at the same time - for example, your laptop, phone and TWS headphones. Forget about having to wait until one piece of equipment is ready for use before plugging in another! However, that's not all. The charger optimally distributes power between the connected devices, ensuring that they not only charge quickly, but also safely.

Discover the advantages of GaN III technology

Advanced GaN III technology has made it possible to reduce the size of the charger to just 54 x 45.5 x 31 mm. As a result, you can easily take it with you to work or on vacation - it won't take up too much space in your backpack or bag. What's more, the solution used guarantees greater efficiency and safety of use. The charger is also protected against short circuit, overheating, overcurrent and overvoltage. Don't be afraid of damaging it quickly!

Wide compatibility

Forget about compatibility problems. With the Vention charger you can successfully charge most of your devices, such as your phone, tablet, wireless headphones, smartwatch, Bluetooth speaker or laptop, for example. Say goodbye to limitations!
