

Wall charger, Vention, FEIW0-EU, 3xUSB-C, USB- A, 140W/140W

Ref: 6922794776005

Wall charger, Vention, FEIW0-EU, 3xUSB-C, USB- A, 140W/140W/30W/18W, GaN (white)

Power charger, Vention, FEIW0-EU, 3xUSB-C, USB- A, 140W/140W/30W/18W, GaN (white).

Charge your devices quickly and safely. Vention's GaN mains charger stands out with a power output of up to 140 watts and offers 4 ports (3x USB-C, 1x USB-A), allowing you to charge up to 4 devices simultaneously. At the same time, it is surprisingly lightweight and compact. It also ensures safe use - don't worry about damaging it. The kit also includes a fast charging cable (USB-C to USB-C), which offers up to 240 watts of power.

Fast charging

The charger's USB-C ports offer 140 watts of power, so you can charge devices such as your smartphone, tablet or even laptop in no time. The product also supports multiple fast charging standards, including PD, QC, AFC and SCP. As a result, you don't have to wait too long for your equipment to be ready for use - with Vention you'll save time! What's more, the charger allows you to charge 2 laptops at the same time - with up to 70 watts of power each.

Charge 4 devices at the same time

With up to 4 available ports (3x USB-C, 1x USB-A), you can connect 4 devices to the charger at the same time, for example, your phone, tablet, headphones and laptop. Don't wait for one device to be charged before plugging in another! With Vention you will say goodbye to limitations. What's more, the product intelligently distributes power, adjusting it to the requirements of the connected devices to charge

them quickly, yet safely.

Refined to the last detail

The use of GaN technology made it possible to reduce the size of the charger to 62 x 31 x 67 mm. This allows you to carry it with you at all times - it won't take up too much space in your purse or backpack. The device has also been protected against short circuit, overload, overvoltage and overheating, among other things. In addition, the advanced Trickle mode protects the batteries of connected devices from overcharging, thus avoiding damage and extending their life.

Wide compatibility

Now you only need one charger to charge most of your devices. The FEIW0-EU is compatible with many popular models of smartphones, tablets, laptops and wireless headphones. For example, you can also use it to power portable gaming consoles such as the Nintendo Switch.

Practical cable included

The set includes not only the charger, but also a practical cable, which is distinguished by its power of up to 240 watts and supports PD 3.1 fast charging. So you can charge the necessary equipment in no time! What's more, its length is 1.5 meters, so you can comfortably use your devices connected to the power supply.

Included

Charger USB-C to USB-C cable

Manufacturer Vention
