

Updated VR Stand S2-1 Kiwi Design for Meta Quest 2 Black

Ref: 0850052498009

Updated VR Stand S2-1 Kiwi Design for Meta Quest 2 Black

Kiwi Design S2-1 VR goggle stand for Meta Quest 2/1 (black)

Store your VR accessories in one place. Kiwi Design's stand guarantees stability thanks to its sturdy construction and dedicated pads, while the silicone finish protects your gear from scratches. The carefully considered design allows you to store not only VR goggles, but also headphones, controllers and cables. In addition, the rotating handles allow you to place different types of controllers.

Stability and security

The stand is specially designed for convenient storage of VR headsets and controllers. It guarantees safe and stable placement of accessories thanks to its non-slip sponge construction and solid base.

Essential accessories in one place

The stand allows you not only to store VR headsets and controllers, but also additional accessories such as data cables and Quest 2 compatible head strap. This will allow you to conveniently store your accessories and make it easier to stay organized.

Wide compatibility

The stand is compatible with most standard-size VR headsets, including the Quest 2/Rift S/Quest 1 series, Valve Index, HP Reverb G2. It is an essential part of any VR headset and controllers. What's more, it doesn't obstruct the charging ports, so you can conveniently

renew your equipment's power when placed on the stand.
