5M Link Cable with Cable Clip Kiwi Design QL105 for Meta Quest 2 Black

VR 5m cable with Kiwi Design QL105 mounting clips for Meta Quest 2/3/PRO and Pico 4 (black)

The Kiwi Design cable allows you to connect your glasses to your computer, so you can play your favorite PC or VR games. With the included attachment clips, you can easily attach the cable to the side of your head strap for greater freedom of use. The product is also distinguished by its damage resistance and length of 5 meters. In addition to this, it allows data transfer at 5 Gbps, and with 3 A it can power the goggles while in use. Note that the charging speed also depends on the output power.
