Controller Protective Cover Kiwi Design Q26-2.1 for Meta Quest 2 White

Kiwi Design Q26-2.1 protective controller cover for Meta Quest 2 white

Take care of the safety of your controllers for Meta Quest 2. The covers designed for them will protect them from bumps, shocks and scratches, so you can easily keep them in excellent condition for longer. These practical accessories were created from high-quality silicone, which is very durable and resistant to damage, and allows you to wash them under running water without any problems. You can easily keep them clean! Moreover, the covers perfectly fit the shape of the controllers and do not block the signal - do not be afraid of connection problems.
