

Remote-controlled car Double Eagle (blue) Ford (Amphibious)

Ref: 6948061928717

Remote-controlled car Double Eagle (blue) Ford (Amphibious) E344-003

Double Eagle (blue) Ford (amphibious) remote control RC car E344-003.

Discover boundless driving freedom with the Double Eagle Ford E344-003 amphibious off-road car. This remote-controlled vehicle is a true pioneer in the field of RC toys, offering unparalleled versatility both on land and in the water. Designed for children over 8 years old and adult RC model enthusiasts, this Ford provides an unprecedented driving experience in all conditions.

An amphibious vehicle that can do anything

Designed for unlimited adventures, the Ford Double Eagle can conquer any terrain and boldly set out to conquer the wetlands. Thanks to its unique waterproof design, the RC vehicle is ready for any challenge.

Reliable 4x4 drive

Whether it's a bumpy path or watery terrain, the innovative four-wheel drive provides unrivaled traction and control. The Ford Double Eagle is synonymous with durability and strength, and its ability to climb gradients of up to 30° means there are no obstacles in front of it.

Advanced technologies

Ford won't surprise you with a low energy level! Equipped with a low-voltage warning system, it will immediately provide you with

information when the charge level drops to minimum values. High-traction TPR tires are responsible for driving stability, and the interference-free remote control system allows for trouble-free fun within a radius of at least 25 meters. Go on an adventure with the Double Eagle!
