Remote-controlled RC remote control car 1:8 Double Eagle (gr Remote-controlled RC remote control car 1:8 Double Eagle (grey) Land Rover Defender E375-003

RC remote control car 1:8 Double Eagle (gray) Land Rover Defender E375-003.

The RC Land Rover Defender E375-003 remote control car from Double Eagle is not only a toy, but also a great way to experience adventures on a micro scale. With advanced features, high-quality workmanship and authentic details, this model will provide exciting fun both in the field and at home. The toy is designed for children aged six and older.

Unlimited possibilities for exploration

This model is designed for hardcore enthusiasts and adventure lovers. With an operating range of 25 meters and a speed of more than 3 km/h, it guarantees excellent control and the ability to explore the toughest terrain without limits. Experience ultimate driving freedom wherever you are and whenever you want.

Technology and durability

Equipped with a 3.7 V 1200 mAH battery, this Land Rover model guarantees long hours of fun without frequent charging. The 2.4 GHz controller ensures smooth and stable connectivity, eliminating interference from other devices. High-traction TPR tires provide excellent grip on any surface, from smooth asphalt to rough off-road paths.

Realism and interactivity

The E375-003 stands out not only for its excellent technical performance, but also for its realism. Working lights and sounds significantly increase the authenticity of the experience, taking the fun to a whole new level. Every detail of this vehicle has been worked out with the utmost care to reflect the character of a real Land Rover Defender.

Who is this model for?

Recommended for children aged 6 and older, this model is a great choice for anyone who dreams of having their own Land Rover Defender. It's also great for collectors and lovers of remote-controlled models who appreciate high build quality and fidelity to the original.
