

Gens ace 5000mAh 22.2V 60C 6S1P Lipo Battery Pack with EC5 P

Gens ace 5000mAh 22.2V 60C 6S1P Lipo Battery Pack with EC5 Plug connector

Ref: 6928493307373

Gens ace 5000mAh 22.2V 60C 6S1P Lipo battery

The Gens Ace battery is an excellent choice for aviation enthusiasts who demand reliable power and long-lasting performance. It offers exceptional efficiency during flight, while maintaining a low temperature even at full load. The long life allows you to enjoy longer flights without the need for frequent replacement. With a maximum discharge of 120C, the product is ideal for powering a variety of models, including the MIKADO LOGO500, ALIGN T-REX550/600, GAUI X5, Outrage 550, Hirobo SDX and X-Class drones between 800 and 1200mm.
