

Gens Ace G-Tech 1450mAh 22.2V 45C 6S1P Lipo Battery Pack with XT60 Plug Connector

Ref: 6928493309063

Gens Ace G-Tech 1450mAh 22.2V 45C 6S1P Lipo Battery with XT60 Plug Connector

The Gens ace Advanced G-Tech 1450mAh 22.2V 6S1P 45C Lipo Hardcase with Deans Plug battery (model GEA14506S45GT) represents an excellent choice for advanced applications requiring high power and precision, such as advanced drones or RC aircraft. With a capacity of 1450 mAh and a high voltage of 22.2 V, it provides optimal performance in demanding conditions, offering stable and long-lasting power. A discharge rate of 45C enables the battery to deliver power quickly, which is crucial in dynamic flight or racing situations. The hard case not only protects the cells from mechanical damage, but also ensures safe use in a variety of conditions. The battery weighs 227 g and measures 117 × 35 × 36.5 mm, making it easy to install in most drone and RC aircraft models, while maintaining their aerodynamics and balance. A robust Deans-type connector guarantees a reliable connection, minimizing the risk of losing power at crucial moments of use.
