Gens ace G-Tech 2800mAh 22.2V 60C 6S1P Lipo battery with XT60 plug connector

The Gens ace G-Tech battery is a highly efficient power source for advanced models such as the Goblin RAW420. With a capacity of 2800 mAh and a voltage of 22.2 V - it provides excellent performance and long-lasting operation in intensive flight conditions. The 60C discharge rate guarantees a fast response to energy demands, which is crucial for demanding applications. Measuring 117 x 35 x 49 mm and weighing 410 g, the product does not put undue strain on your equipment, and the robust XT60 connector allows for a secure and stable connection, which is essential for optimizing RC model performance.
