Gens ace G-Tech 4000mAh 22.2V 60C 6S1P Lipo Battery with EC5 Plug Connector

The Gens ace G-Tech battery with EC5 connector offers exceptional performance and power for advanced RC models. With a capacity of 4000 mAh and a high voltage of 22.2 V, it provides long-lasting and stable power. With an impressive discharge rate of 60C and a maximum discharge of up to 120C - it is prepared to handle extreme power requirements, enabling users to achieve the best results. The recommended charge is 1-3C, and the maximum charge is up to 5C, minimizing the time needed to prepare for operation. In addition, the 164 x 46 x 43 mm dimensions and 692 g weight make the battery ideally suited for larger models.
