Gens ace G-Tech 5000mAh 11.1V 45C 3S1P lipo battery with XT90 Plug

Gens ace G-Tech 5000mAh 11.1V 45C 3S1P Lipo Battery with XT90 Plug Connector

The Gens ace G-Tech 5000mAh 11.1V 45C 3S1P Lipo with XT90 Connector is a solid choice for multi-rotor RC helicopter operators, offering excellent value for money. This battery model features high build quality and long flight time, which is crucial for applications requiring uninterrupted operation for extended periods of time. Gens ace, which is one of the leaders in the rechargeable battery market, uses its 20 years of experience and advanced engineering expertise to produce NiMH, Li-Po and Li-Fe batteries, always focusing on excellent quality and product optimization. The product is ideal for multi-rotor helicopters, but can also be used in a variety of RC models, including cars, boats or RC aircraft, where reliability and performance are at the forefront.
