

Gens ace G-Tech 6750mAh 14.8V 60C 4S1P Lipo Battery Pack PC

Ref: 6928493309346

Gens ace G-Tech 6750mAh 14.8V 60C 4S1P Lipo Battery Pack PC material case with XT90 plug

Gens ace G-Tech 6750mAh 14.8V 60C 4S1P Lipo PC material case battery with XT90 plug.

The Gens Ace G-Tech is a high-performance power source designed for advanced RC models such as the Traxxas Xmaxx 8S. Designed with advanced technology, it offers a single cell capacity of 6750mAh, which provides long-lasting power and allows for intense driving without the need for frequent charging. The 14.8V voltage and high 60C discharge rate guarantee the dynamic acceleration needed on RC tracks, emphasizing the importance of speed in competitive racing. The battery is made of high-quality lithium-polymer raw materials sourced from Japan and Korea, resulting in reliability and durability. In addition, a robust PC material housing protects the battery from mechanical damage and external influences, which is important when operating in harsh environments. The XT90 connector provides a secure and stable connection to the device, which is crucial for maintaining continuous power supply.

Manufacturer Gens Ace Model GEA67504S60GTC Capacity 6750mAh Voltage 14.8V Discharge indicator 60C Net weight 638g Dimensions 183 x 50 x 35mm Connector type XT90 Housing type Material PC (polycarbonate)
