

Gens ace G-Tech Soaring 3300mAh 11.1V 30C 3S1P Lipo Battery

Gens ace G-Tech Soaring 3300mAh 11.1V 30C 3S1P Lipo Battery Pack with XT90 plug

Ref: 6928493309148

Gens ace G-Tech Soaring 3300mAh 11.1V 30C 3S1P Lipo battery with XT90 plug connector

The Gens Ace G-Tech Soaring with XT90 connector is a specialized power source designed for use in flying models such as drones, multirotors and UAVs. With a capacity of 3300 mAh and a voltage of 11.1 V, the LiPo battery provides excellent performance and long-lasting operation, which is important for applications requiring stable and uninterrupted power. A discharge rate of 30C ensures that it will quickly deliver the needed power. The battery weighs 252 g and measures 131 x 42.5 x 19.5 mm, allowing it to be easily installed in a variety of flying models. The XT90 connector provides a secure and reliable connection, while the JST-XH balancing connector helps keep the cells evenly charged. It is an ideal choice for models such as Easy Glider, Fun Cup, and E-flite.

Manufacturer Gens Ace Model GEA333S30X9GT Capacity 3300mAh Voltage 11.1V / 3S Discharge indicator 30C Weight 252g Dimensions 131 x 42.5 x 19.5mm Connector type XT90 Type of cells Lithium-polymer (LiPo) Balancing connector JST-XH
