

## Mechanical keyboard Motospeed CK107 RGB (white)

Ref: 6953460501355

Mechanical keyboard Motospeed CK107 RGB (white)

### Motospeed CK107 mechanical keyboard

Motospeed is a guarantee of quality for e-sports gamers. The size of the keyboard is perfectly matched for comfortable and relaxed use. The professional lighting system of the keyboard facilitates interaction with the device. It will prove itself during both work and gaming thanks to the blue switches. The anti-ghosting technology ensures precision and the wide compatibility allows you to connect the accessory to Windows XP/7/8/10 devices.

### Professionalism and simplicity

The keyboard system combined with the lighting system is a streamlined way of working at the computer. The design of the device is adapted primarily to the needs of gamers. You can also customise the look of the keyboard to your preference by selecting one of the 14 available backlighting modes.

### Reliable key resistance

Working for even longer and reliable in any situation - this is what sets the Motospeed CK107 keyboard apart. With a key lifespan of around 50 million key presses, it will serve you well for many years to come.

### With gamers and e-sports in mind

With OUTEMU Red switches, gaming is not only fun but also comfortable. The CK107 keys will surprise you with their responsiveness and reliable performance. With Motospeed, you can freely perform even the most complex combinations during gameplay. This is made possible by anti-ghosting technology, which prevents unwanted keys from being accidentally pressed.
