Sunnylife bag for RS 4

The Sunnylife AQX-13 bag is the perfect companion for the DJI RS 4 gimbal. Thanks to its spacious design, it will fit not only the stabilizer, but also essential accessories, such as the quick release plate, for example. It is the perfect solution for photographers and filmmakers who need a safe and functional way to store and transport their equipment.

Reliable protection

High-quality materials have been used to make the bag, so it provides effective protection against bumps and shocks. In addition, the waterproof design protects the contents from moisture, and a special sponge inside prevents scratches on the equipment and other damage.

Secure storage

The AQX-13 is equipped with practical compartments that stably hold the stabilizer and accessories in place. What's more, the double closure increases security and prevents accidental opening of the bag, and a special safety valve allows you to adjust the pressure inside, which protects your equipment in different weather conditions.

Convenience and durability

Mobilemax - Gadgets and Accessories Rua Vasco da Gama n61, 8005-411, Estoi - Faro, Portugal (Continente)

The Sunnylife bag is equipped with a comfortable, non-slip handle that makes it easy to carry. High-quality materials, including a 304 stainless steel axle, ensure resistance to wear and tear, making the product serve you for a long time. But it doesn't stop there - the weight of the AQX-13 is 1.59 kg, and the dimensions are $35.4 \times 29.4 \times 13.7 \text{ cm}$, making it a handy and reliable accessory for any DJI RS 4 user.
