Cable USB-C / USB4.0, INVZI, INVUSB4, Gen3, 240W, 40Gbps, 2m
Cable USB-C / USB4.0, INVZI, INVUSB4, Gen3, 240W, 40Gbps, 2m (black)

Ref: 754418395585

USB-C / USB4.0 cable, INVZI, INVUSB4, Gen3, 240W, 40Gbps, 2m (black)

The cable from INVZI is an advanced charging and data transfer solution that will satisfy the needs of the most demanding users. With 240W power and compliance with the latest standards, it provides ultra-fast charging, and data transfer at the highest level.

One solution for all your devices

With a maximum output power of 240W, the cable can replace all other charging cables in your arsenal. It is backward compatible with lower power requirements such as 180W, 140W, 100W or 60W, making it an extremely versatile tool.

USB-IF certification

The cable is certified by the USB Implementers Forum (USB-IF), guaranteeing compliance with the PD 3.1 charging protocol, 240W power, 48V/5A voltage and the USB4 Gen3 standard, enabling data transfer speeds of up to 40Gbps. It also supports up to 8K resolution at 60Hz and is compatible with Thunderbolt 4 and Thunderbolt 3.

Secure and smart charging

Thanks to the built-in E-marker smart chip, the cable automatically adjusts the current according to the needs of the connected device, ensuring smooth charging and protecting against possible electrical damage. You can rest assured that your equipment is safe.

Wide compatibility
The INVZI 240W USB-C cable works perfectly with laptops (MacBook Pro M2/M1), phones (Samsung S23/S22, Google Pixel, LG), tablets (iPad Pro, Surface), consoles (Switch, Steam Deck) and many other devices. You can rely on its versatility and reliability.

Durable and flexible design
Durable nylon braid and strong aramid fiber cores make the cable resistant to daily wear and tear. Sleek, TPE-coated USB-C connectors make it easy to plug in and provide flexibility, allowing frequent use without worrying about damage. This cable is made to last a long time.
