Docking station with stand for Tablet/iPad, INVZI, MH03, MagHub, 3x USB-C, 2x USB-A

Docking Station with Stand for Tablet/iPad, INVZI, MH03, MagHub, 3x USB-C, 2x USB-A

Meet the INVZI MagHub 3, an innovative docking station with stand that transforms your iPad Pro into a versatile workstation. Recognized as an award-winning product at the CES2024 Innovation Awards, the MagHub 3 offers a range of features to meet the needs of the most demanding users.

The answer to all your needs

The INVZI MagHub 3 docking station offers impressive expansion capabilities, transforming your iPad Pro into a powerful work tool. Equipped with 4K@60 Hz HDMI, SD/MicroSD slots, 3.5mm audio input, 100W USB-C charging port, two USB-A ports and one USB-C port with 5Gbps speed, it provides versatility and convenience. So you can easily connect all the devices and accessories you need.

A new dimension of comfort

The MagHub 3 stand is designed with user comfort in mind. The adjustable double hinge allows you to adjust the angle of your tablet for comfort during prolonged use. Whether you're working, watching movies or participating in video conferences, you'll always find the perfect screen position. What's more, the MagHub 3 features an innovative magnetic attachment system that allows you to securely attach and detach the Apple Pencil on either side of the station. This way, your stylus will always be at hand, ready to use whenever you need it.

Transfer data with ease

With the MagHub 3 station's USB ports, managing your data has never been easier. Transfer speeds of up to 5Gbps allow you to move files quickly, making your work much faster and more efficient.

A medal-winning design

The INVZI MagHub 3 docking station is made of high-quality aluminum, which not only gives it an elegant look, but also ensures durability and effective heat dissipation. The sturdy construction means that the station will last for years to come, while maintaining a stylish look that perfectly matches the aesthetics of your iPad Pro.
