Ref: 0754418395622

Wireless charger, INVZI, MGF7B, 3-in-1, 15W

With the MagFree Transform charger from INVZI, you can enjoy unparalleled convenience and flexibility. Thanks to its patented swivel mechanism, you'll change the charging mode from flat to standing in the blink of an eye, allowing you to adjust it perfectly to your needs. Whether you're watching movies, working or relaxing, your devices will always be ready to go.

Save time with fast charging

Forget about the long wait to charge your devices. The INVZI charger offers ultra-fast 15W charging for the iPhone 15, which is twice as fast as standard 7.5W chargers. What's more, it supports 5W charging for Apple smartwatches and 3W charging for headphones. So you can be sure your devices will be ready to use in less time, which is ideal for an active lifestyle.

One device, multiple capabilities

Charging your iPhone, Apple Watch and AirPods simultaneously has never been easier. The compact and durable design of the 3-in-1 charger allows you to seamlessly charge all your devices in one place. What's more, compatibility with the MagSafe case means you can forget about constantly removing the case before charging.

The perfect travel companion

The MagFree Transform is not only a charger, but also an indispensable travel companion. With its portable design and one-turn quick transformation, you'll always have access to fast charging wherever you are. The included 30W USB-C PD power adapter and USB-C to USB-C cable ensure it's fully ready to use right out of the box, and the one-year warranty gives you added peace of mind.
