Double Layer Flange for S9Pro/S12 Pro Momcozy

The Momcozy double layer flange is a replacement accessory for your S9Pro/S12 PRO breast pump. Thanks to the double layer of silicone, the flange surrounds you comfortably and efficiently helps you with the milk collection process. Don't worry about harmful substances - all parts that come into contact with breast milk are BPA-free, giving you peace of mind about your baby's health. It's a guarantee of convenience and safety. Remember the manufacturer's recommended time to replace accessories every 3 months to ensure optimal pump performance and complete hygiene.
