

MINI PC GMKtec M4 Intel i9-11900H 16GB RAM + 512GB SSD Black

Ref: 6972570961446

MINI PC GMKtec M4 Intel i9-11900H 16GB RAM + 512GB SSD Black

GMKtec M4 MINI-PC Intel i9-11900H 16GB RAM + 512GB SSD (black).

The GMKtec M4 MINI features an 8-core Intel i9-11900H processor. In addition, it's equipped with Intel Ultra Core graphics (up to 1.45GHz) and can connect 3 monitors thanks to HDMI, DP and USB-C ports. It also provides high-speed wired/wireless connectivity.

Efficient operation

The GMKtec M4 is a mini-computer that works well for work, watching movies, online activities or gaming. The Intel i9-11900H 8-core processor ensures high performance at work, and with 16GB RAM, you gain space for the files and programs you need. In addition, the device offers a ROM of 512 GB. What's more, the computer supports 2.5" SSD/HDD drives (not included).

Reliability

Forget about delays. The GMKtec M4 MINI has 2 RJ45 Ethernet ports, providing a fast 2.5G Internet connection. This means you can enjoy a fast connection whether you're playing games or working. In addition, the computer supports Wi-Fi 6 and Bluetooth 5.2 wireless connectivity, allowing you to choose the right connection method for each user.

Compatibility

GMKtec M4 MINI PC works with devices such as TV, monitor, speaker, keyboard, mouse, printer, projector, etc. You will connect

compatible equipment to your computer using the available ports: USB3.2, USB-C, HDMI, or 3.5mm audio.

Safety of use

Use your equipment without worrying about damage. The computer ensures efficient operation thanks to heat dissipation channels and a fan. As a result, you are assured of fast and stable operation of the device.
