Ref: 6974935720835

IP Indoor Camera treat dispenser Arenti Petcam Wi-Fi 5G 3MP 2K

Arenti Petcam WiFi 5G 3MP 2K indoor IP camera

Keep an eye on your pet when you're not at home. The Arenti indoor camera offers high-definition video and two-way audio, so you can talk to your dog. What's more, it's equipped with sensors and an alarm - you'll always know what's going on at home while you're away. The camera has also been equipped with a food feeder function, and you will be able to control the device easily with the Arenti app.

High quality image day and night

Give your pet the best care while you are away with the Arenti Petcam indoor camera. The device provides images in 2K HD and 2048 x 1536 resolution. What's more, the infrared sensor guarantees high image quality at night up to 10 m. As a result, you can enjoy clear and detailed images.

A range of possibilities with the app

From the dedicated app, you can conveniently control the camera from a distance. Arenti Petcam supports two-way audio, allowing you to speak to your pet. In addition, you can take pictures, adjust the volume or give your pet snacks (their size should not exceed 0.7 - 15 mm).

For the sake of safety

The Arenti Petcam is not only a monitoring tool, but also for the security of your home. With in-app notifications of suspicious noise and the ability to detect movement, a person or even your dog's barking, you'll always be on top of what's happening in your environment.

Additional capabilities

The camera's smart features, such as 360° object tracking, allow you to have full control over what's happening in the room. In addition, compatibility with Amazon Alexa and Google Assistant allows you to control the camera with simple voice commands. The device also has a slot for an SD memory card (not included), where you can save videos and share them with loved ones. In addition, videos are stored in the cloud for free for 7 days.

Included

camera power adapter USB-C cable cleaning brush user manual
