Pocket Tool NE20287

The NexTool E1 is a versatile and handy multi-tool that is up to any task, from everyday repairs to emergency situations. It is designed with efficiency and durability in mind, making it the perfect everyday companion.

Durable scissors for fast cutting

The NexTool E1 is equipped with large scissors that guarantee efficient cutting. The ergonomic handle provides comfort in use, allowing you to perform various tasks with precision and speed. With the tool, cutting thick materials becomes easy and fast.

Compact and lightweight design

The tool is extremely compact, measuring just 79 mm when folded and weighing about 95 g. Its small size and light weight make it easy to carry in your pocket, on your belt or in your backpack, so it's always at hand when you need it. Superior craftsmanship and modern design make the tool both functional and stylish.

Ten tools in one

The NexTool E1 offers a wide range of functions with 10 different tools that can be used in a variety of scenarios. The kit includes scissors, a file, screwdriver and blade, among others, making it a versatile tool for many applications. Its sturdy construction and ease of

use make it ideal for both simple repairs and more complicated tasks.
