Nextool Flagship Pro 16-in-1 Multitool NE20203

Meet the Flagship Pro, a multitool that will make you ready for any challenge. Designed with performance and quality in mind, it offers not only versatility, but also reliability you can count on wherever you are. Made from the highest quality materials, it stands out for its resistance to corrosion and damage. It can easily handle anything from everyday repairs to extreme outdoor conditions, offering you up to 16 tools in one lightweight multitool.

Exceptional versatility

With the Flagship Pro, you have 16 tools on hand in one compact unit. Needle-nose pliers and all-purpose pliers, full-size scissors, interchangeable hard wire cutters, precision knives, a saw, Phillips and flathead screwdrivers, a ruler, bottle and can openers, a line cutter, a wire stripper, and a glass breaker - it's all available in one tool! Made of hardened stainless steel, the Flagship Pro is rust and corrosion resistant, ensuring durability and reliability for years to come.

The perfect companion in the outdoors

Whether you're camping, on a survival trip, fishing, hiking, hunting or just DIY, the Flagship Pro is made to tackle the toughest tasks with ease. Its compact size and light weight make it easy to take anywhere, and its ability to fold down to a compact size allows for convenient storage.
