Create even better photos and videos with the PULUZ color photo lamp. This portable device offers adjustable brightness of up to 800 lux and a color temperature of 2500K to 9000K, and features a wide 120° angle of incidence and a high color rendering index (CRI  $\geq$  95). There are also plenty of lighting effects at your disposal. What's more, thanks to its built-in 3,000 mAh battery, the product provides up to 12 hours of operation on a single charge. This is ideal for photographers and filmmakers!

### Compact and portable design

The PULUZ color lamp is lightweight and convenient to carry, making it perfect for both studio and outdoor use. Its ergonomic design ensures comfort even with prolonged use, and its compact size makes it easy to store and transport.

### Advanced lighting modes

The flash offers as many as 21 lighting effects that can be customized for different scenarios. Available options include Flash, Candle, Police car or Fireworks, for example. You can also adjust the brightness of the light (from 0% to 100%), its color (from 0° to 360°) and color temperature (from 2500K to 9000K), giving you almost endless creative possibilities. Now you can easily achieve a unique visual effect!

### Built-in high-capacity battery

The PULUZ lamp has a built-in 3,000 mAh rechargeable battery, which provides up to 3 hours of operation at maximum brightness and up to 12 hours at minimum light brightness. You can charge it with a USB-C cable - it will only take about 2-3 hours. What's more, you have the option to use the device while charging - so you'll be prepared for any circumstance.

### Magnets and versatile mounts

Thanks to its magnetic attachment, the PULUZ light can be easily attached to metal surfaces, making it extremely convenient to use. In addition, there are universal 1/4-inch screw holes on both ends of the device, allowing it to be mounted on tripods, mounts, selfie sticks and other photographic accessories.

### Multiple uses

This compact and lightweight handheld flash is an ideal choice for selfies, vlogs, still life shots, portraits, outdoor sessions, as well as TikTok and YouTube videos. It will also work well during an event - it will help you create an amazing atmosphere. Its versatility makes it an indispensable tool in the arsenal of every photographer and filmmaker.
