

Smart gateway ZigBee Matter NEO NAS-ZW06WM TUYA

Ref: 6924715900957

Smart gateway ZigBee Matter NEO NAS-ZW06WM TUYA

ZigBee Matter NEO NAS-ZW06WM TUYA Gateway PBX.

TUYA's ZigBee Matter NEO NAS-ZW06WM Gateway PBX is an advanced device designed for smart home management. It supports ZigBee and Thread protocols, allowing seamless integration with a wide range of devices from different manufacturers. Thanks to its compatibility with apps such as Tuya Smart, Google Home, Amazon Alexa and Apple HomeKit, the user has full control over all connected devices through a single app. The gateway is compact and lightweight, making it easy to install and place anywhere in the house. Its range is up to 35 meters indoors, ensuring a stable connection over a large area. In addition, it supports up to 128 devices simultaneously, making it ideal for large smart home systems.

Easy setup and operation

With intuitive configuration and detailed instructions for adding ZigBee devices, you can quickly and easily expand your smart home system. The network setup process is simple and hassle-free, allowing you to start using your new devices immediately. The gateway is equipped with a multicolor LED indicator that shows the current connection status and device pairing process, making it easy to monitor and diagnose any problems.

Wide compatibility

The gateway supports multiple protocols and platforms, allowing integration of various devices such as smart light bulbs, door sensors,

motion detectors and electrical outlets. This gives you great flexibility in creating and expanding your smart home.

Stable connection

Advanced communication protocols ensure a stable and reliable connection, which is crucial for the operation of smart home devices. So you can count on smooth and trouble-free operation of all connected devices.

Voice control

Working with voice assistants such as Alexa, Google Assistant and Siri, you can control your devices with simple voice commands for added convenience.
