

Magnetic wireless car mount MagRoad, Nillkin (black)

Magnetic wireless car mount MagRoad, Nillkin (black)

Ref: 6902048215016

MagRoad magnetic car holder, Nillkin, with charger (black)

The MagRoad Magnetic Car Mount from Nillkin guarantees fast charging and a reliable hold on any trip. It offers wireless charging with up to 10 watts of power. Its magnetic design guarantees a stable hold on your smartphone even during uneven roads or sudden maneuvers, and the ball joint allows you to adjust the holder to any position. The compact size (96 x 63 x 77 mm) and lightweight design (81.5 g) make MagRoad fit perfectly into any car interior without taking up unnecessary space or getting in the way.

Stable hold in any situation

With built-in magnets with a 900g pulling force, the MagRoad car mount provides a reliable hold on your smartphone while traveling. You can rest assured that your phone will remain securely in place, even during the most turbulent moments on the road. You no longer have to worry about your device accidentally moving around!

2 ways to attach

MagRoad offers two convenient mounting options to perfectly suit your preferences. The included mount will allow you to easily install the holder on the air vent, providing a stable hold without blocking your view of the windshield. Alternatively, you can use the 3M sticker, which allows you to mount the holder on any flat surface inside the vehicle.

Always charged smartphone

Now you can enjoy complete freedom of travel, knowing that your smartphone is always ready to go, without unnecessary downtime. The mount allows inductive charging of iPhones 12 series, providing them with fast and safe charging. It also features protection against overvoltage or short circuits, and FOD (Foreign Object Detection) protection ensures that the charging process is safe and efficient, eliminating the risk of foreign objects damaging your device on the charging surface.
