

3-channel Pocket multi function charging box TELESIN for GoP

3-channel Pocket multi function charging box TELESIN for GoPro Hero 9 / 10 / 11 / 12

Ref: 6974944461217

TELESIN multifunctional three-channel charger for GoPro Hero 9 / 10 / 11 / 12

Give your GoPro Hero 9, 10, 11 or 12 camera full power in all conditions with the TELESIN Multi-Functional Three-Channel Charger. This compact and durable accessory allows you to charge three batteries simultaneously, offering the convenience and reliability you need.

Fast and convenient charging

The TELESIN charger can charge three batteries simultaneously, allowing you to quickly and efficiently prepare for long recording sessions. With a USB-C input and up to 15 watts of power, it only takes about 2.5 hours to fully charge three batteries. This means your camcorder can always be ready for action!

Compatible with various batteries

The charger is compatible with both original GoPro batteries and TELESIN Blue Square and Yellow Round batteries. So you can be sure that regardless of the type of equipment you use, the product will easily meet your needs.

Smart LED indicator

Each charging channel is equipped with an independent smart LED indicator that shows the battery's charge level. You can check it in two ways - by inserting the battery into the charger or by opening its cover. This way you'll always be up to date - no more wondering

when to plug your equipment in.

Practical design and additional features

The modern design of the TELESIN charger with a USB-C charging port on the side makes it more convenient to use. In addition, the product offers storage space for two TF memory cards, which is extremely practical when traveling. In addition, the durable ABS plastic construction ensures that it is resistant to damage, and the built-in MCU microcomputer guarantees reliable, safe operation.
