TWS Earphones Choetech BH-T22 Breath Lighting (blue)

TWS Earphones Choetech BH-T22 Breath Lighting (blue)

TWS Choetech BH-T22 headphones combine modern design and exceptional functionality. They not only look great, but also offer impressive sound quality and long-lasting comfort. Equipped with the JL6973D4 chip and supporting Bluetooth version 5.3, they provide stable and fast wireless connections. They are designed for everyday use, delivering clear sound and long runtime on a single charge, making them an ideal choice for music lovers and active lifestyles.

Advanced JL6973D4 chip and Bluetooth 5.3

The BH-T22 headphones use the JL6973D4 chip, which, combined with Bluetooth 5.3, provides extremely stable and fast wireless connections. This allows you to enjoy smooth music streaming and interference-free conversations. The transmission range of up to 10 meters gives you freedom of movement without having to hold the source device close to you.

Fantastic sound

The headphones are equipped with 9-millimeter composite diaphragm speakers with an impedance of 32Ω. Such a solution provides rich and clear sound that will satisfy even demanding users. Each sound is accurately reproduced, allowing you to fully immerse yourself in your favorite music.

#### Fast charging and long operating time

The charging time of the headphones is only 1.5 hours, which allows you to quickly prepare them for reuse. The battery capacity of the headphones is 35mAh, providing up to 7 hours of music playback on a single charge at 80% volume. The 300mAh charging case allows the headphones to be fully charged in 2 hours, further extending their use time to 20 hours.

#### Durable and eco-friendly materials

The BH-T22 headphones are made of durable PC+ABS materials, which are environmentally friendly. The use of such materials not only guarantees a long life of the device, but also its low environmental impact.

#### Compact design

The headphones are compact in size, with an outer diameter of 55.5x 20.5 mm, making them comfortable to wear and easy to store. Their ergonomic shape ensures comfort even with prolonged use, and the lightweight design minimizes ear fatigue.
