Wireless charger MagFusion 3 in 1 Aukey LC-MC311, 15W Qi2 (gray)

Ref: 689323787418

MagFusion 3-in-1 Wireless Charger Aukey LC-MC311, 15W Qi2 (gray).

The Aukey LC-MC311 wireless charger is an advanced device that allows you to charge three devices simultaneously: an iPhone, Apple Watch and AirPods. With support for Qi2 and MagSafe technology, it is compatible with the latest models of these devices, ensuring fast and safe charging. Note: for full efficiency, use the charger without a phone case or with a magnetic case.

Fast charging and performance

The MagFusion 3-in-1 Aukey LC-MC311 is capable of charging at up to 15W, providing fast and efficient power to your devices. Thanks to Qi2 technology with magnetic alignment, the charger precisely aligns with devices, minimizing energy loss and maximizing charging efficiency. Compared to standard 7.5W chargers, it offers twice the charging speed.

Advanced technologies

The charger features an advanced AI algorithm driven by a 32-bit ARM Cortex-M0 processor, which significantly improves charging efficiency and minimizes energy loss. ASK+FSK Full Duplex technology enables real-time dynamic charging adjustment, which improves safety and extends the life of both the phone and the charger.

Ergonomic design and convenience of use

The Aukey LC-MC311 has been designed with ergonomics in mind, allowing for an adjustable viewing angle of up to 30 degrees and easy switching between portrait and landscape modes, making it easy to use the charger as a stand for convenient movie watching or webinar participation. A large, non-slip charging area for headphones ensures stable and secure charging of AirPods or other headphones that support wireless charging.

Safety and security

The MagFusion 3-in-1 charger is equipped with EntireProtect, which provides full protection against overheating, overvoltage, overcurrent and foreign object detection. So you can rest assured that your devices are always safe while charging.

Manufacturer: Aukey
Model: LC-MC311
Color: Gray
Charging technology: Qi2, MagSafe
Charging power: Up to 15W
Compatibility: iPhone 12/13/14/15, Apple Watch Series 1-9, Apple Watch SE, Apple Watch Ultra 1/2, AirPods Pro 1/2, AirPods 3/2, Qi charging-enabled wireless headphones
Additional features: Advanced AI algorithm, ASK+FSK Full Duplex technology, EntireProtect system, Adjustable viewing angle up to 30 degrees.
