Car Phone Holder Aukey HD-MC13, with charger 15W Qi2 (black)

Aukey car phone holder , HD-MC13 with 15W Qi2 charger (black).

The Aukey HD-MC13 Car Phone Holder with 15W Qi2 Charger is the perfect solution for those looking for a convenient and safe way to charge their phone while driving. With its advanced features and sleek design, it is an indispensable gadget in any car. With it, you can charge your iPhone 15 to 50% in just 30 minutes, giving you quick access to your phone's full functionality even on short trips.

Magnetic mount

The strong magnetic mount ensures a stable hold on your phone even on rough roads. The magnetic technology used in the HD-MC13 ensures that the phone stays in place, minimizing the risk of it shifting or falling.

Elegant design and durability

The mount is made of high-quality materials, including tempered glass, which gives it a sleek look and increases durability. The integrated USB-C interface enables efficient power transfer for fast and stable charging.

Universal compatibility

The mount is compatible with a wide range of iPhone models (12 to 15 series) directly or with the MagSafe case, as well as iPhone 11 and older phones and Android phones that can be charged with an external magnetic ring. This is a versatile tool for any driver.

Easy installation and adjustment

The grille mounting system ensures that the mount is securely and stably attached to grilles of various types. The ability to rotate a full 360 degrees and tilt 30 degrees allows you to customize the viewing angle, allowing you to quickly switch between vertical and horizontal views.

Safety and convenience

The Aukey HD-MC13 is designed with security in mind. It includes features such as foreign object detection, temperature control, overcharging and over-current protection to ensure safe charging without risking damage to your device.
