Magnetic Car Mount for Phone Mcdodo CM-8490 Phoenix Series

Mcdodo CM-8490 Phoenix Series magnetic car phone holder

The Mcdodo CM-8490 car mount is the perfect solution for those who value comfort and safety while driving. Its sleek black design blends in perfectly with the look of any car's interior, and its compact size (30.95 x 30 x 59.35 mm) means it won't obstruct visibility while driving. In addition, it weighs only 48 g and is made of aluminum alloy, which guarantees its durability.

Reliable stability

Thanks to six powerful magnets, the Mcdodo CM-8490 mount ensures the stability of your smartphone even on the most uneven roads, at speed bumps, or during sudden braking. The built-in magnets are designed not to interfere with the device, allowing you to use car navigation without any problems.

Versatility and convenience

The Mcdodo CM-8490 mount is designed so that you can use it without having to remove the case from your smartphone. In addition, the 360° adjustability allows you to perfectly adjust the viewing angle. What's more, mounting the mount to your dashboard is quick and easy, and the flexible adhesive leaves no residue when removed.
