Smartwatch Joyroom R-FV1 (Black)

Ref: 6956116703370

Joyroom JR-FV1 smartwatch (black).

Looking for a reliable smartwatch to accompany you in your daily activities? Joyroom JR-FV1 is the perfect choice! Equipped with a 1.43" AMOLED display, it provides amazing image quality even on sunny days. It offers more than 110 sports modes and many practical health monitoring functions. It is waterproof to 1 ATM and has a service life of up to 20 days.

AMOLED display

The smartwatch features a 1.43-inch AMOLED display, which offers a resolution of 466 x 466p. This allows users to enjoy an extremely sharp, detailed image. The AMOLED screen also provides deep blacks and vivid colors, making any information or graphic element displayed clear even in sunlight. In addition, the screen's high brightness (326 ppi) ensures readability in a variety of lighting conditions.

Health under control

Joyroom JR-FV1 constantly takes care of your health and well-being. With advanced monitoring features, including 24-hour heart rate, saturation levels and stress levels, the watch provides a full picture of your health in real time. It also offers a menstrual calendar and sleep monitoring to track the quality and length of your sleep, allowing you to adjust your sleeping habits for better well-being.

Choose from multiple spot modes

The JR-FV1 smartwatch is an indispensable companion for any physical activity enthusiast, offering an impressive variety of more than 110 sports modes. Whether you prefer running, swimming, cycling or other activities, you'll always find the perfect mode to suit your needs. With advanced sensors and precise measurements, the Joyroom JR-FV1 not only monitors your sports performance, but also helps you analyze it, supporting you at every stage of your workout.

Ready for anything

Let nothing stop you! With a waterproof rating of up to 10 meters (1 ATM), you can confidently use the smartwatch while swimming, running or in the shower. No worries about flooding or damage - the JR-FV1 is designed to meet the demands of an active lifestyle.

Up to 20 days of operation

The Joyroom JR-FV1 impresses with its outstanding performance. With a capacious battery that provides up to 20 days of use on a single charge, the watch is ready for prolonged use without the need for frequent charging. When it's time to recharge, it only takes about 2 hours for the JR-FV1 to be ready for action again.

Stay in touch with others

With the ability to answer and reject calls directly from your wrist, you'll always stay connected, even when you're on the go. The notification display feature allows you to quickly view text messages, emails and app notifications without having to take your phone out of your pocket. See for yourself how convenient it is!

Additional amenities

The Joyroom JR-FV1 smartwatch also offers a number of features that will make your daily life easier. With the ability to check the current weather, you will always be prepared for changing weather conditions, and the alarm clock will help you start your day at the right time. The phone locator function allows you to quickly find a lost phone, and controlling the camera with the smartwatch will make taking pictures even easier.
