

Aukey PC-GJ10B case for iPhone 15 Plus (storm blue)

Ref: 689323786701

Aukey PC-GJ10B case for iPhone 15 Plus (storm blue)

Aukey PC-GJ10B case for iPhone 15 Plus (storm blue)

The PC-GJ10B case was created to provide superior protection for the iPhone 15 Plus. Made of medical-grade silicone, it provides long-lasting resistance to damage, while being pleasant to the touch. The dust-resistant coating also prevents contamination. The Aukey PC-GJ10B case is designed with precise cutouts that provide easy access to all ports and buttons. This allows you to use all the functions of your phone without having to remove the case.

MagSafe compatibility

The case has built-in N52 magnets that are compatible with MagSafe accessories. This means you can easily use wireless chargers and other MagSafe accessories without removing the case.

Drop resistance

The Aukey PC-GJ10B case offers exceptional protection against drops from heights of up to 1.5 meters. Thanks to its advanced shock-absorbing technology, it protects your phone from mechanical damage that can occur during accidental falls. What's more, the raised edges around the screen and camera provide additional protection against scratches and bumps. This keeps the phone safe even during everyday use. But that's not the end of the advantages. The inner coating of the case prevents scratches and also effectively dissipates heat, protecting the phone from overheating.
