

Metal protective housing with lens cover PULUZ for Insta360

Metal protective housing with lens cover PULUZ for Insta360 X4

Ref: 5906168436956

PULUZ metal protective case with lens cover for Insta360 X4

The metal case is specially designed for the Insta360 X4 camera. Made of high-quality aircraft-grade aluminum alloy, it guarantees strength and reliability, protecting your camera from drops and shocks. It also ensures efficient heat dissipation of the camera, preventing overheating. It is equipped with a lens cover that effectively protects against scratches, while not affecting the quality of photos and videos. At the bottom is a 1/4-inch thread and a mounting adapter, allowing you to quickly attach the camera to a tripod or selfie stick. The kit also includes an allen wrench, making it easy to install and remove the housing.

Included:

protective housing
mounting adapter for sports cameras
screws x4
allen wrench
storage case
