

## Duo Card Reader SD, TF Freewell

Duo Card Reader SD, TF Freewell

Ref: 6972971865169

### Freewell SD, TF memory card reader

The Freewell Duo Reader effortlessly reads UHS-I and II SD cards, including SDXC, SDHC and micro SD, meeting a wide range of photography and video recording needs. It also enables data transfer and is compatible with a range of different devices. It also lets you read data from 2 cards simultaneously on the device of your choice.

### Fast data transfer

The Duo Reader offers a USB-C to USB-A adapter that enables high-speed data transfer at 10 Gbps. This allows you to transfer selected photos, documents or videos in no time. In addition, a light indicator will let you know the status of the device's operation.

### Compact and durable design

The reader can accompany you almost anywhere. It features a compact design and comes with a carabiner, so storing and transporting it won't be a problem for you. What's more, the use of high-quality materials, including aluminum alloy, translates into a durable product.

### Accommodates multiple cards

Now you can have all your cards in one place. The reader will accommodate 1 CF Express Type A card and 1 CF Express Type B card, along with 3 SD cards (UHS-I and II), 6 micro SD cards and 2 NANO SIM slots. The Freewell Duo Reader sets a new standard for versatility,

satisfying the needs of demanding users.

#### Wide compatibility

Freewell Duo Reader is compatible with Windows, MAC OS, Linux, Android and iPad OS - you don't have to worry about it not working with your hardware. What's more, plug-and-play makes it quick to get ready for use without installing drivers, ensuring seamless use with a variety of devices and operating systems.

#### Included
