Mouse pad Darmoshark PAD-3 (white)

Ref: 6953460504110

Darmoshark PAD-3 gaming pad (white)

The Darmoshark PAD-3 gaming pad is an excellent choice for gamers who value quality and precision. Designed with ergonomics in mind, it has compact dimensions of 360 × 300 × 4 mm and is made of high-quality natural rubber. The thickened edge provides stability and durability during intensive use, while the non-slip rubber bottom surface prevents the pad from sliding even during the most intense gaming sessions. The mousepad retains the vivid colors and sharp details of the design for a long time, making it not only perform well, but also aesthetically pleasing on a gamer's desk.
