Darmoshark TOP98 wired gaming keyboard optical switch (black)

Darmoshark TOP98 wired gaming keyboard optical switch (black)

The Darmoshark TOP98 gaming keyboard is a tool created for demanding gamers. The TOP98 features a robust design with dimensions of 392 × 143 × 40 mm and a weight of 1145 g, which ensures stability during intensive use. The keyboard offers an impressive key life of 80 million key presses. It has 96 keys and is compatible with Windows XP, Windows 7, Windows 8, Windows 10 and Windows 11 for cross-platform versatility.

Multimedia and lighting effects

The TOP98 stands out for its rich set of multimedia features, allowing quick access to functions such as music playback control, volume control and quick access to favorite programs. It offers as many as 15 different LED lighting effects, covering dynamic modes like streaming, steady, neon, breathing, Push to Light, rotating mode, Shogen Light Wave, wave mode, ripple mode, colorful fountain mode, traffic mode, surf mode, raindrop mode, fading running horses or starry nights. Full non-conflicting keys and WIN lock function with LED indicator ensure a smooth and efficient user experience.

Reset and troubleshooting functions

In addition, the TOP98 keyboard has a reset function by holding down the FN+ESC keys for 3 seconds, which restores the default lighting settings to "streaming" mode. In case of problems with the keyboard's operation, it is recommended to perform some simple diagnostic

steps, such as checking the USB connection, changing the USB port, rebooting the computer and testing the keyboard on another computer, which allows you to quickly and efficiently eliminate potential problems.

Gaming modes

The TOP98 also offers dedicated lighting modes for gamers, accessible via the FN+(1-5) key combination. These specialized modes, such as those for League of Legends (LOL), First-Person Shooters (FPS) and others, highlight key keys to provide an optimized environment for different types of games.
