

Wired headphones for Kids OTL Pokemon Pokeball Dome (red)

Ref: 5055371619271

Wired headphones for Kids OTL Pokemon Pokeball Dome (red)

Wired headphones for kids OTL Pokemon Pokeball (red)

OTL's wired headphones for kids will transport your child straight into the world of Pokemon! The earbuds resemble the legendary Pokeball, which is an integral part of Pokemon training and adventures. They deliver fantastic sound quality, and the ergonomic design will ensure comfort for a long time. With a universal 3.5mm plug, they will work great with most smartphones, tablets, laptops, game consoles and more. They are suitable for children 8 years and older.

Let yourself be amazed by the sound quality

Immerse yourself in excellent sound! The headphones are equipped with 40-millimeter drivers, making every note crystal clear, while the bass and treble sound equally intense. With a wide frequency response of 20Hz to 20KHz, the headphones are able to reproduce the full range of sounds, from the lowest bass to the highest notes, with extreme precision and fidelity.

Ergonomic design for maximum comfort

The ergonomic design of the headphones has been carefully designed with users in mind, ensuring a perfect fit for any head. The adjustable headband allows you to easily adjust the headphones to your individual needs, ensuring stability and comfort during long sessions of listening to music, watching movies or playing games. What's more, the soft ear cups not only make them more comfortable to wear, but also insulate them from external noises, allowing you to fully focus on the sounds without distractions from your

surroundings.
