

Wireless headphones for Kids OTL Hello Kitty (rose gold)

Wireless headphones for Kids OTL Hello Kitty (rose gold)

Ref: 5055371625630

OTL Hello Kitty wireless headphones for kids (pink)

With OTL, kids as young as 3 can explore the magic of music. The wireless headphones use 40mm drivers that provide excellent sound quality. The unique design will delight young Hello Kitty fans. The device is designed with the safety of the little ones' hearing, convenience of use and high compatibility in mind. Bluetooth 5.3 technology ensures a stable connection.

For the sake of ear health

The OTL headphones offer the ability to limit the volume level to 85 dB or 95 dB, depending on your needs. This allows you to adjust the sound for different environments while protecting your child's hearing. The quieter mode is ideal for everyday use, while the louder mode will work well during airplane or train travel.

Long playback time

With a 500 mAh battery, the OTL headphones offer up to 24 hours of continuous music playback. It only takes about 2 hours to fully charge using the included USB-C cable.

Comfortable to use

Despite being lightweight, the OTL headphones are durable. The adjustable headband allows them to fit any head, and the foldable,

swivel design makes them easy to both store and transport.

Versatility

The OTL wireless headphones can be connected to tablets, smartphones or other compatible devices thanks to Bluetooth 5.3 technology, providing reliable transmission over distances of up to 10 meters. A 3.5mm AUX cable is also included, allowing you to listen to music and watch movies in wired mode. Note, however, that some functions may not be available in this mode.

Included:

Wireless headphones USB-C charging cable AUX 3.5mm cable User manual
